2020 H₂O Pro Aquatic Herbicide Performance Guarantee

QUALIFYING PARTICIPANT: Professional aquatic applicators with total purchases of Qualifying Product during the 2020 Program Period (October 1, 2019 through September 30, 2020) of $5,000 or greater.

QUALIFYING PRODUCT: Reward® Landscape and Aquatic herbicide purchased from a Syngenta Authorized Distributor/Agent/Retailer.

TREAT WITH CONFIDENCE:
During the 2020 Program Period:
• Apply Qualifying Product at the appropriate weed species rate for the treatment area in accordance with the product label(s). For your convenience, application rates are listed in the charts on the back. Always follow product labels.
• Use Qualifying Product in combination with any approved tank-mix partner in accordance with the label. For your convenience, the tankmix partners for Reward are listed on the back.

...AND YOU’RE COVERED:
• If the Qualifying Product does not perform as stated under the Guarantee Terms and Conditions below and when used in accordance with the product label, Syngenta will share up to 50% of the total cost of the Syngenta Qualifying Product used for retreatment.

GUARANTEE TERMS AND CONDITIONS:
• The Qualifying Product will control at least 70% of the treated, labeled weed(s) as compared to untreated areas with similar weed infestation, environment, weather, and other conditions.
• Claims must be filed at GreenCastOnline.com/VM within thirty (30) calendar days of application so that the claim may be verified and evaluated. The claim form is available at GreenCastOnline.com/SyngentaVM/form.aspx.
• Any claims under the H₂O Pro™ Aquatic Herbicide Performance Guarantee must be received by Syngenta on or before October 31, 2020.
• Only licensed professional aquatic herbicide applicators may participate in the H₂O Pro Aquatic Herbicide Performance Guarantee.
• To qualify, the claim form must be filled out in its entirety.
• Syngenta reserves the right to verify all purchases. Syngenta reserves the right to add or delete Qualifying Products at its discretion.
• Syngenta will reimburse up to 50% of the value of the Qualifying Product for one (1) retreatment per claim. All claims are subject to verification by a Syngenta territory manager or other party designated by Syngenta. Reimbursement is at the sole discretion of Syngenta. Reimbursement amount is based on the price of the Qualifying Products used at the time of treatment. Syngenta may, at its discretion, reimburse with product or cash.
• Syngenta will not pay for the application cost or other costs of retreatment.
• The maximum benefit any individual claimant may receive for the 2020 Program Period is a $50,000 contribution toward the cost of the retreatment(s).
• Program benefit is for weed control only; Syngenta will not pay for any other service, product, loss, or damages.
• Surface application of floating weeds (including surface algae) and submersed weeds (excluding subsurface algae) on the Reward label are covered by the 2020 H₂O Pro Aquatic Herbicide Guarantee.
APPLICATION RATES FOR REWARD ARE LISTED IN THE CHARTS BELOW.
For very dense submersed populations of weeds, it is recommended to use Reward in combination with a copper-based aquatic herbicide or an endothall containing product from the approved tank-mix partner list set forth herein.
